Each year A.C.T.'s multifaceted **ACTsmart** theater education programs provide more than 9,000 students from the San Francisco Bay Area, many from low-income households, with access to live theatrical experiences through low- to no-cost student matinee performances, customized workshops facilitated by master teaching artists, touring productions of Shakespeare classics, and stimulating, in-depth study guides developed for the classroom. The core of the program consists of low- to no-cost **Student Matinee** performances of A.C.T.'s mainstage and Master of Fine Arts (M.F.A.) Program productions; **Will on Wheels**, the annual touring production of William Shakespeare classics performed in Bay Area schools by A.C.T. M.F.A. Program students (enhanced by pre- and postshow workshops); and the **ACTsmart** (formerly known as ArtReach) workshop and residency program. The **ACTsmart Partnership Program** offers free student matinee tickets and theater-based pre- and postshow workshops at no cost to more than 40 public schools (including all San Francisco public high schools) and community-based organizations (CBOs) in the Bay Area serving low-income students who otherwise would have little exposure to the arts. A.C.T. has established **year-long collaborative residencies** in two San Francisco continuation schools serving high percentages of socioeconomically disadvantaged youth (SDY) who have not experienced success in traditional comprehensive public schools—Downtown High School

(71.8% SDY) and Ida B. Wells High School (71.5% SDY)—and the Tenderloin Boys & Girls Club. A.C.T. also offers 8–10-week residencies at certain partner schools and CBOs, most recently Galileo Academy of Science and Technology (67.2% SDY). More than 50 percent of all students attending schools participating in the ACTsmart Partnership Program receive free or reduced cost lunches.
